

- I understand that if I register for a 3 month or 12 month membership that I will NEVER have my membership rate increased as long as I renew my membership by my anniversary or original sign up date. ALL memberships entered into by November 15th 2010, will reflect a December 1, 2010 anniversary date.
- I understand that I will be required to reserve my semi private or small group coaching time manually at the facility until such date that I am able to reserve my time online electronically via the Achieve Personal Fitness, Inc. website. Small Group times are as follows for November 2010: M-W-F 6:45 am and 8:45 am; M-Th noon & 6:00 pm and Saturday 8:30 am & 10:00 am. Since small group is limited to 12-15 clients; all spots must be reserved prior to attending your session. You may do this by signing up at the facility. ETA on electronic sign in is late December 2010.
- I understand that I will be required to review and sign an official EFT and small group or semi private agreement. Until such time that the agreement is finalized, this online consent will hold as that legal agreement.
- I understand that starting in January 2011, I will have my payments electronically withdrawn from my credit card or bank account each month until such date that I choose not to renew my small group or semi private membership.
